Declaration:

I, Bonny M. Flaster a citizen of the United States of America declare under penalty of perjury:

I reside at: 1621 W. Balmoral Avenue, Apt D, Chicago, IL 60640

My educational background related to the field of this invention is: Chiropractic and Acupuncture.

I have the following certifications related to the field of this invention: Chiropractic Physician and Diplomat of Acupuncture.

I have been providing medical care and treatment to patients since: 1988.

I have reviewed NMT: The Feinberg Technique, teaching the protocols of neuromodulation therapy.

The teachings and protocols taught by NMT: The Feinberg Technique, effectively teach a useful method of neuromodulation therapy as disclosed.

I have personally utilized this method in a useful manner in treating patients.

I believe that the disclosed neuromodulation therapy is useful in the Health care field.

I have personally utilized the disclosed therapy to treat patients and offer the follow case studies:

A patient presented complaining of severe, debilitating vertigo as well as hearing loss for low tones in one ear. She was treated using NeuroModulation Technique and upon her return visit later that week she not only reported resolution of her vertigo but and been to an audiologist and confirmed the restoration of full hearing in her one ear.

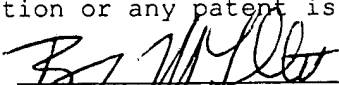

57-year-old white female presented with a chronic history of difficulty digesting food, abdominal cramping, bloating and excessive gas. Patient had previous surgery for a suspected abdominal tumor that ended up being scar tissue from an untreated ulcer. After using NMT protocols for a number of treatments, this patient has recently declared, "I can eat anything!" She reports no further digestive difficulties or need to modify her food choices.

34-year-old white female presented with a complaint of soreness and pain in her arms, legs, neck and back and headaches, especially

migraines that were particularly bad around her menstrual period. She stated a 10-year duration of these symptoms. Prior to the onset of her soreness and pain she reported being quite athletic but due to her symptoms and fatigue had become sedentary. This patient's response to NMT was quite dramatic. Her overall body pain and soreness resolved quickly and her headaches ceased.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
